Subject: Gold King Mine Spill IG Investigation

Joyce,

FYI. One of our staff, Elliott Petri, received this text message early this morning:

Good morning - my name is Daniel Hawthorne, Resident Agent in Charge, U.S. EPA Office of Inspector General, Office of Investigations. I am out of the Region 8 (Denver) office. I received your information from Richard Braun, Contracting Officer in Region 8, as you were apparently one of the contractors on site at the Gold King Mine (GKM) near Silverton, Colorado, on August 5th. I have a team of six Special Agents conducting interviews of numerous personnel associated with the GKM. Can you please contact me at (303) 345-8628 - my cell number, as I am in Durango right now - in order to determine a time to meet with you for an interview. Thank you for your assistance. Dan

Dave Robinson has been in contact with Mr. Hawthorne and is in the process of arranging a time to meet our staff member. Weston's legal department was also notified of the request.

There probably will be other such requests this week. OSC Myers was notified. I will update you on this as things progress.

Thank you.

-Scott
